Dear Parents and Carers,

I have thoroughly enjoyed my start at Dartford Bridge Community Primary School and would like to thank you all for making me feel so welcome.

It was wonderful to see so many parents, carers and family members at my Meet and Greet event last week. I greatly appreciated the opportunity to hear your views, learn more about our community and meet members of our PTA.

I know that some parents and carers would have liked to attend but were unfortunately unable to make it. For those who were unable to join us, I have attached a copy of the short presentation that I shared during the event.

As the new Headteacher, I am keen to gather the views, ideas and aspirations of our whole school community as we look towards the future of our school. To help with this, I spent time on our recent INSET day gathering feedback from staff, and our children have access to a suggestion box where they can share their ideas and suggestions.

During the Meet and Greet, I invited parents and carers to share their thoughts about Dartford Bridge Community Primary School using three questions:

TREASURE
The things you really love about our school and would not want to change.

CHANGE
The things you feel are not working as well as they could and may need to change.

TWEAK
The things that are working well but could be improved further with some small adjustments.

The feedback received has already been incredibly valuable, and I would very much like to hear from those who were unable to attend the meeting. Your views are important and will help shape the future direction of our school.

If you would like to share your thoughts, please complete the short form using the link below:
